Miss Hockaday Memorial Room

December the second, nineteen hundred and sixty-two, marked the opening of the new Hockaday School in the forty-eighth year of its operation. To the friends of the Hockaday School who made this pleasant blending of the old and new ours to live and work in—we offer our thanks.

Mrs. Clayton John Tidey

To Mrs. Clayton J. Tidey, a lady whose courage, natural grace, ease of manner, and wit are a pleasure to all who know her; to a teacher whose enthusiasm, imagination, and resourcefulness are inspiring to her students, the class of nineteen sixty-two takes pride in dedicating its annual.

ROBERT SIPSON LYLE
Headmaster

Mr. Lyle came to Dallas in July of 1961, in time to coordinate the move from the old campus to the new. Since July Mr. Lyle has moved the school from the old campus to the new, encouraged the growth of a sturdy spirit of cooperation among the many branches of school activity, and won the respect of his students—a remarkable accomplishment for a man who has been at Hockaday less than a year.

The Hockaday Annual is the work of the annual staff and its name, Cornerstones, comes from the idea that the annual should reflect the four cornerstones that Miss Hockaday set at the base of Hockaday life. Producing the annual gives the staff member practical experience in the techniques of page layouts, in dealing with large business organizations, and in handling finances.
